

# Packaging Tape

## Quick Guide to the Four Major Types of Packaging Tapes

- **Polypropylene:** Ideal for all carton sealing applications.
- **Vinyl tape:** Tear-resistant, long-lasting on sealing paper, board and plastic surfaces. Resistant to humidity and temperature fluctuations - ideal for cartons stored for long periods of time.
- **No-noise:** Offers silent dispensing. Made from solvent-free water-based acrylic adhesive.
- **Filament:** Reinforced with glass fibre filaments, immensely strong and tear-proof.
